November 2025

"There will be obstacles. There will be doubters. There will be mistakes. But with hard work, there are no limits."

MICHAEL PHELPS

October was a great month with lots going on, including visits to Stafford College, Idsall Sixth Form and Shrewsbury College. We also had talks from Walford College and Abraham Darby.

KS4 also got to enjoy the careers fair where they could visit a whole host of different providers and ask important questions about their future. We were impressed with students' behaviour and involvement in the careers fair, well done!

We have also enjoyed assemblies from a wide range of Post-16 Providers which will continue into December.

Key Dates

3rd Nov: Struggle to Succeed Workshop
