

Careers News

October 2026

We had a lovely time at the Coffee and Careers event in September, aimed at Y9-11 SEND students who need a little bit of guidance with their post-16 options decisions. We were joined by many providers who students were able to talk to about next steps.

This month we have the Careers Fair for the whole of Y9, Y10 and Y11. They will have the opportunity to talk to a wider range of providers from all over the local region. It's always a fantastic event and worth a visit!

Remember, my drop in days are Mon, Weds and Fri if you have any careers questions.

Key Dates
